

Villa Ampelitis

4 - 6 Bedroom Wheelchair Accessible Villa with Private heatable Pool

Information for disabled clients

I, Irene, was involved in the concept and design of Villa Ampelitis as I found that many owners and architects alike were not considering access for those with young children (especially a double buggy), or with limited mobility.

Too many steps, narrow doors etc.

All it needed was a little more thought.

So together with the owners and an architect, we designed this unique villa with lots of level access and wide enough doors for a wheelchair user or a parent with baby buggy to get about easily.

We can supply many baby, child and disability items on request. These are safely stored away, including the pool hoist, so if you do not need these items, you can just enjoy the space.

The owners will send a list of all optional hire items to you prior to holiday, and you decide what you would like them to provide.

Facilities at Villa Ampelitis include:

- Level access & wider doors throughout the ground floor
- Level access from gate all around the house
- Ramps are provided outside to cope with any level changes
- Entry to main pool is by steps next to the dividing railing, and the 2nd step extends into a bench for sitting
- 3 x wheel in shower rooms with height adjustable shower chairs and roll under basins. (One in house and one in each studio.)
- Wheel in shower room with roll under basin & WC at poolside
- Drive under BBQ table
- Lower mirrors. Lower shelves and rails in wardrobes

And these items are on request and used at your own risk:

- Moveable suction grab rails and bed grab rail for bedside

The lane back into the village is tarmac, and downhill. The local Winery, Kolios, is completely accessible and they offer meze to order as well as wine tasting. Approximately 15 minutes' walk. Vouni winery a little further at Panagia offers the same and is accessible too.

Villa Ampelitis can be rented to you as follows:

Main house alone with 4 bedrooms/3 bathrooms for 2-8 persons. Sole use of all facilities.
 Optional add on: 2 identical studios for 2-4 persons each, bookable by you only.

I, Irene, have swim here at all 3 temperatures so I would say in my opinion that 26 degrees is fine if you are swimming lengths and moving around. At 28 degrees the difference is quite noticeable. If you have young children in the party or anyone with limited mobility, then I suggest 30 degrees. Use the pool cover when not in

use to maintain the temperature.

Regarding the central heating, speak to the owners prior to your arrival to see what the weather is like and what they suggest. Generally speaking, house heating is required November to end April, depending on the weather. Starter pack of logs for the fireplace are provided free of charge.

Free transfer per house booking for up to 5 persons from Paphos Airport along with your car rental from Nick at Cy-Breeze. nick@cy-breeze.com.cy Conditions apply.

Paphos Harbour and the waterside with its many shops and restaurants is now pedestrianised, so you have level access to the old fort, the Gallery with exhibitions, the wonderful mosaics and waterside tavernas. Quaint Polis Town centre is also now pedestrianised, and many shops and restaurants now have level entry with wheelchair access. More information about accessibility in Paphos is on our "Guests with Disabilities" page under "Booking With Us" on the Toolbar above.
